HOUSE RULES

Hot Tub Rules

1. The hot tub is not a soup. No bubbles, no wine, no friends we haven't met.
2. Shower first. The hot tub has seen things.
3. Plastic cups only. Broken glass in the tub means we're not finding it until spring.
4. Ten minutes, then hydrate. You're a guest, not a teabag.
5. Cover on when you're done, or the raccoons will host their own party.

Soak responsibly.
